

# Violent Femmes, All I Want

All I want is to talk to you  
All I want is to talk to you  
Im aching for your touch  
Im breaking because I miss you so much  
Do you miss me too?  
All I want is to walk with you  
All I want is to walk with you  
Im hoping for your kiss  
Im doping because I miss  
you so much  
Do you miss me too?  
A little bit closer  
A little bit closer  
Someday  
When I try to get closer  
Then you move away.  
All I want to say is  
All I want is to be with you  
All I want is to be with you  
Youre hurting deep inside  
Youre flirting cause you need  
To feel that you are still alive  
A little bit closer  
A little bit closer  
Some way  
When I try to get closer  
Then you move away  
All I want to say is  
All I want is to walk with you  
All I want is to talk to you  
Im praying for one night  
Im laying so low  
Because I love you so  
Though I know it aint right
