

Violent Femmes, Please Do Not Go

Tell ya man
I'm stuck on this lovely girl
Of course to me know she mean all the world
But then
She like another guy
I fall down dead
She never see the tears i cry
So please please please
Do not go
Please please please
Do not go
Please please please
Do not go
How long can the days go on
When my love is so strong
And i know i cannot tell a lie
I want to se him go bye
Goodbye bye goodbye bye bye bye bye bye
Now I wonder, I wonder what she would say
If i told her, If i told her i felt this way
You know it might make her turn
Might make her turn, might make her turn
Either way
So all I can do is patiently pray pray
pray pray pray
So please please please
Do not go
Please please please
Do not go
Please please please
Do not go
How long can the days go on
When my love is so strong
And i know i cannot tell a lie
I wanna see him go bye
Goodbye bye goodbye bye bye bye bye bye
I'll tell you man I'm stuck
I'm stuck, I'm stuck on this lovely girl
And y'know i'd travel, I could travel over the whole world
And you know what she does
She turn around and like another guy
I fall down dead
She never see the tears i cry
Please please please
Do not go
Please please please
Do not go
Please please please
Do not go
Please please please
Do not go
Please please please
Do not go
Please please please
You hurt me
Please please please
You hurt me so
Please please please
I've got something to show
