

Violent Work Of Art, Different Problem Same Solu

The more I cut the more I bleed
I am my only enemy
The more I bleed the more I feel
Selfinflicted
Different problem, same solution
Different problem, same solution
Different problem, same solution
Another kind of pain
Salvation lies within the steel
Pain is all I need to feel
A brand new state of misery
Termination
Deleting myself
Become someone else
In darkness I find
My inner strength
The greater scars the greater pain
I know I'll never be the same
Whatever is my destiny
I don't need to see
Deleting myself
Become someone else
In darkness I find
My inner strength
Alone with my shame
I failed once again
I need to regain
My inner strength
This life is useless, I'm dead within
This life is useless, I cannot win
Deleting myself
Become someone else
In darkness I find
My inner strength
Alone with my shame
I failed once again
I need to regain
My inner strength
