

Violet Indiana, Powder River

Here I am, alone again, the dreaded day
To end you, I'll find a way, A place you can stay
The distance was killing me.

Here I am, the feel again, a beautiful day, to end you
I'll find a way, all mine today, was there a way to love me?

Here I am, alone again, the dreaded day to end you
I'll find a way, a place you can stay,
Oh your distance was killing me.
Your distance was killing me.
Aah aah oh, killing me.
