

# Violet Indiana, Rage Days

Here I sit  
I'm strong 'cause I belong  
In the flames  
Where I'm safe  
From your words as you degrade me  
But I'm safe  
From this maze  
Of your doubt  
You were cruel to me  
I was a fool  
And your rage  
Is the end  
Take your pain from me

What's it go to do  
With any part of you  
What I'm gonna do  
To get over you  
What's it go to do  
With any part of you  
I let myself  
Get too close to you  
What's it go to do  
With any part of you  
What I'm gonna do  
To get over you  
What's it go to do  
With any part of you  
I let myself  
Go too close to you

Your shame  
And your blame  
Your failure and your fame  
Impressed  
You're depressed  
Emotionally undressed  
You were a reck  
I was your fool  
Now I see through you  
I'm not the same  
Take your pain  
And this balme  
Away from me

What's it go to do  
With any part of you  
What I'm gonna do  
To get over you  
What's it go to do  
With any part of you  
I let myself  
Go too close to you

Just(??) shame  
And pain  
It's always the same  
Shame and pain  
Just(??) shame  
And pain  
It's always the same  
Shame and pain  
No baby(??)  
Just(??) shame

And pain  
It's always the same  
Shame and pain  
(???) Stop blaming me  
Just(??) shame  
And pain  
It's always the same  
Shame and pain  
(????????)  
Just(??) shame  
And pain  
It's always the same  
Shame and pain
