

Violetta, Underneath It All

No one knows what it's like
Behind these eyes
Behind this mask

I wish we could revind
And turn back time
To correct the past

Oh baby
I wish I could tell you
How I feel but I can't
'cause I'm scared to
Oh boy
I wish I could say
that

Underneath it all
I'm still the one you love
Still the one you're dreaming of

Underneath it all
I'm missing you so much
Baby let's not give it up

Now I'm lost in my mind
Don't want to hide
But I can't escape

I, I want a new start
'cause you're my true heart
No more masquerade

Oh baby
I wish I could tell you
How I feel but I can't
'cause I'm scared to
Oh boy
I wish I could say
that

Underneath it all
I'm still the one you love
Still the one you're dreaming of

Underneath it all
I'm missing you so much
Baby let's not give it up

I don't wanna give this up
So I'm putting on the show
'cause what we have is true
And I don't want to let it go

I know that you feel in love
Keep it if you can't see
I know one day you will discover
Underneath it's me

Oh baby
I wish I could tell you
How I feel but I can't
'cause I'm scared to
Oh boy
I wish I could say

that

Underneath it all
I'm still the one you love
Still the one you're dreaming of

Underneath it all
I'm missing you so much
Baby let's not give it up

Underneath it all
I'm still the one you love
Still the one you're dreaming of

Underneath it all
I'm missing you so much
Baby let's not give it up

Let's not give it up
O Oohhhhhh
