

Viored, Invariable Ray

For you !

I may taste anger as I can't sometimes spit it out.

When I don't understand how long I see a point if I suffer, there will be it.

Don't look back. There doesn't have the hope.

Surely because there is the future in the end of pains.

To a liar bewildering you sanctions.

As for you, is it believed oneself in the times when the weak thing is a crime ?

Share it, Share it, Share it, Share it your pain.

To a liar bewildering you sanctions.
