

# Virgin Steele, A Whisper Of Death

[ENDYAMON &quot;Show you no mercy, we're far from the Light in PURGATORY:]  
Sign in the distance, leave it behind...

There is no meaning, when the promises are lies I'll bring you pain,  
far from the Light...

I see the Rings around the Sun, I know their Names I see the  
Colors turn and run, I stay the Same.

There is no meaning when the promises are lies I'll bring you pain,  
far from the Light...

[ENDYAMON:]

(Victory, Holy War, I am reborn tonight on EARTH,  
You will know, you will see the end of all former might  
HEAVEN and Right in the window, I know where you are HELL)  
Hunting and killing again  
Holy Tomorrow I see where you are I will be there when you die!

[THE GODS:]

A WHISPER OF DEATH

The Sons of Tomorrow, I know that they're through  
There'll be no mourning, the Skies are alive

[ENDYAMON:]

Crush them all, kill their Reign  
See them Fall from the Light Who will know, who will win
