

# Virgin Steele, Coils Of The Serpent

[Music, lyrics and effects: De Feis]

[The Serpent to Himself:]

"Anger, fury and hatred boil within me.  
Woe to see them enjoy this Paradise, while I'm resigned to hell!!  
My cunning will prevail and doubt shall be their undoing!"

[The Serpent to Eve:]

"What reason, what fear provokes this ban?  
Knowledge forbidden?  
Why envy you this?  
Is it a sin to know, can it be death to taste?  
Is ignorance your creator's wish for you,  
or is blind obedience a proof of your faith?!...  
Take from the tree this golden fruit, be one with the gods!  
I tell you this freely with love in my heart.  
Come your beauty has earned this..."
