

Virgin Steele, Love's Gone

[Music: De Feis/Pursino/Cook, lyrics: De Feis]

Don't say that you want love
As you're walking out my door
Don't say that you need love
'Cause I can't love you
Anymore
Lay down in rapture
In this crowded town of fear
Hang your head in shame my dear
You gonna roll alone

[Chorus:]
Love's gone
It's gone away

Highway in starlight
You shed your blood upon the sun
You lock your love
In bitterness
And now you're left with no one
God, I loved you one time
When we walked the world alone
The face that love could not
Forgive
The heart will turn to stone

[Chorus]

... I felt your body writhe
Like a snake in my arms
Wrap yourself around me, baby
Ooh, yeah, ooh, yeah

[Chorus]
