

# Virgin Steele, The Blood Of Vengeance

We are Descendants of the Ancient Ones  
The Race beyond the Wanderers of Night  
Who dwell in the Black Spaces between the Stars  
From a Time before Time.  
Long before this current Dynasty of Heaven  
We Reigned And will Reign again...  
For We contain the Divine Essence,  
Made from the Flesh,  
Blood and Bone of a God  
Who walked in Flesh, and who cut off his own head...  
Nourished by Fire, Water, Wind, Wrath, Rage and Tears  
We Blossom at the Root of the Tree of Knowledge...  
We wait and We remember... for the Blood of Man, is...  
THE BLOOD OF VENGEANCE!!!!!!!
