

Virgin Steele, The Fire God

[MUSIC BY DAVID DEFEIS and EDWARD PURSINO]

[LYRICS BY DAVID DEFEIS]

[ELEKTRA:]

Cursed by the Priests, torn, twisted and beat
Sentenced to die, by the Sorceress-her Evil Eye
God of the Furnace, I call thy Name
Please deliver me from the Serpent, the Serpent of Pain

THE FIRE GOD, THE FIRE GOD

Burn all the Sinners in my way

Rise up devour-Inferno of Ultimate Power
God of Destruction-consume them with your Eruption
Inflame the Sorceress and the Priests of Evil who bind me
Singe them, Burn them, Destroy them
Please, please deliver me
With Holy Fire, the Golden Pyre... Death
THE FIRE GOD, THE FIRE GOD
Burn all the Sinners in my way

Kill, eradicate with Fire and Sword!
Flames of Vindication!
I impale thee on the Great Spike of Hatred
By the FLAMES OF THE BLACK STAR!!!

THE FIRE GOD, THE FIRE GOD

I call thy Name, consume my pain!
Burn all the Sinners Beyond Death... Beyond Death!!!
