

# Virginia Coalition, That's What You Said

That's what you said  
You think from the inside  
What's control, anyway?  
A little word that you don't have to say

If you do, fortunately for you and me now  
These longer days  
But I've been listening to what strangers say  
But I always knew that I believed in you

That's what you said  
You think from the inside  
What's control, anyway?  
A little word that you don't have to say

It follows me in every way  
Pushing me through cycles  
I dreamed I had a purpose now  
But only for a while  
Plans forever unrehearsed  
Streaming in through verses  
You will feel elation, realizing  
That you believed in you

That's what you said  
You lead from the inside  
What's control, anyway?  
A little word that you don't have to say

That's what you said  
You lead from the inside  
What's control, anyway?  
A little word that you don't have to say

That's what you said  
You lead from the inside  
What's control, anyway?  
A little word that you don't have to say
