

Virgos Merlot, Gain

Here I am again
Going to cure the common cold
Eat away hunger and
get my movie soul and a...

Gonna teach the world to sing
Give em' all a hand
Solve there problems and
Gonna take a stand

I look around
come back down
Try to rearrange it once again

you hold your own
nervous to be strong
you got it and you don't know what it is

Once you gain...

Time after time it's the same
ol' wrong
Change and you change it's the same
ol' song

I'm bothered by the fact
I can not take you back
It goes on record and
Multiplies it bad and a...
I gotta break it down
to it's smallest part
put it back together and
call it art

I look around
come back down
Try to rearrange it once again

you hold your own
nervous to be strong
you got it and you don't know what it is

Once you gain...

Time after time it's the same
ol' wrong
Change and you change it's the same
ol' song

Once you gain...

Time after time it's the same
ol' wrong
Change and you change it's the same
ol' song

Once you gain...
Once you gain...

Time after time it's the same
ol' wrong
Change and you change it's the same
ol' song

Time after time it's the same
ol' wrong
Change and you change it's the same
ol' song

Time after time it's the same
ol' wrong
you change and you change...you change and you change...
you change and you change...you change and you change...
you change and you change...

One new gain.
