

Virtue, Greatest Part Of Me

Will I ever find the words to thank you
For all you done for me
On the cross you paid my penalty
From the grave you rose to set me free
And when I didn't choose to love you, you
(You made the choice to love me)
I present my body, as living sacrifice
Holy and acceptable to you

chorus

I am yours you are mine
And forever you will live inside of me forever Lord
I will praise you endlessly
I'm in you, you're in me
Inseparable for all eternity
I know that you will always be... the greatest part of me
(You will always be the greatest part of me)

vs2

I could never turn from you
If I did where would I go
Only you can give me peace of mind
You're the Bread of Life that fills my soul
And I can spend more than a lifetime
(Counting the ways you love me)
I'm living expression, waiting with great expectation
I'm longing for the day You come back for me

repeat chorus

I present my body, as a living sacrifice
Holy and acceptable to You

repeat chorus
