

# Virtuoso, Omnipotence

(Talking)

Yeh, Virtuoso, Snipe 4-20

We omnipotent yo

(Hook)

Intelligence is irrelevant to success

When disrespectful intellectuals get blasted in the chest

Depressed violent challenged constantly under arrest

Best be determined crime minds burnin' for a higher learnin'

(Verse 1)

My lips tremble as I remember cerebral violence of my livest

Sicilian sniper, the karma starin' in his iris

His slanted eye and higness was a warrior like Cirus

Through pokin' his sinus that made him mindless

Now blindness he's livin' in

He started pushin' in pussy that's lethal

A chick that's stickin' in infected needles

And she tryna boast, he had an overdose he's comatose

Bitch stuck a fist in his throat that made him choke

Almost to late but he lived to regurgitate the weight

I got a call at eight, a.m. tellin' me to meet him

In front of the mansion where we standin' lightin' a cannon

In the Pele pel, he took a puff and told a tale

But I was weak in the knees, traded his gold medallion

just to ride inside the saddle of cocaine the white stallion

Pull out the car keys, pop in a CD, and pulled a U-wee

We peelin' out to meet the rest of the crew

Out in a Montera sky blue fat body razy ridin' shotty

drinkin' knotty headed for a college party

We puffin' skunk gettin' drunk while the beats bump

Then peeped a cracked out bitch lampin' wid her eyes sunk

up in the sockets, winkin' at the snitch shook her tits

Took a grip on his collar, and bit him like a rottweiler

Rolled up a hundred dollar, and then devoured white powder

Tension's holdin' tight up on his amaretto sour

He's shakin' like a coward over flour

He broke down, makin' the sniffin' coke sound

Now he's out on the town, on the corner beggin' for change

Estranged from his friends, he coulda pushed a Benz

He was a drug dealin' genius wid a seamless plot

But couldn't stop, the kid was a slave to his habit

Coulda had it all, but all his cream an' plays are shot

Because persistence will prevail where raw genius will not

(Hook)

Intelligence is irrelevant to success

When disrespectful intellectuals get blasted in the chest

Depressed violent challenged constantly under arrest

Best be determined crime minds find desire burnin'

(Verse 2)

My man Snipe rough life, in the moonlight

Can't sleep at night knife chop wife rock light

in crack pipe at night juvenile delink in the precinct

buddah stink, eyes chinked red while the judge think

Wid Sicily shaped link, neglected youth, physical abuse

Had a weight lifting step-father whip him

Plus a mom stranglin', for hangin' with the wrong crew

Twenty two sippin' blood hittin' coke flippin'

Takin' SAT's on LSD, his university

Was assisted financially by slangin' kis

Split personalities, mind operates in intricate patterns

Manic depression opens the dome like the rays of Saturn

Now he's thrown outta home alone  
His parents cool he's fuckin' up in school  
His tool is a dutch master ooh, laced thirty and mean  
Is pumpin' through the fiend's bloodstream like Valvoline  
Leg splittin' lickin' women in silk and linen  
That slanted out sex and exercise thighs like Richard Simmons  
Without protection on a rock hard erection  
Blessed wid luck he fucked and escaped without infection  
In the school halls, fist pattin' a punk bitch until he falls  
Is nose is broke the rules are broke so grab the stashed coke  
He's expelled his nose clean livin' at Will's  
But still seein' triple beam cream winner for teams  
Love of life ?osteospamani? a mommy and a fiance  
She's a soon to be wife, so fuck a crack pipe  
Determination, for makin' higher education  
Instead of facin' twenty five to life type incarceration  
Makin' cash illegal, connects the faculties  
Found the calories with salaries dealin' to rich people  
Starvin' like a third world nation feelin' naked  
Now we're money makin' master determination and patience so

(Hook)

Intelligence is irrelevant to success  
When disrespectful intellectuals get blasted in the chest  
Depressed violent challenged constantly under arrest  
Best be determined crime minds burnin' for a higher learnin'

(Verse 3)

The streetsweeper, I check the time on a black beeper  
My crew roll deep with dutchmaster hash and reefer  
My feet are greased right, life is a ego-central  
Ecosystem where we're all governmental victims  
Played like marionettes wid mental and physical threats  
The only outlet for the scars of my brain and my pain  
And to refrain from goin' insane as a soundset  
Wet up the philly sparkin' solo in the Polo  
Determined, to drink Bourbon, wearin' a black shirt and  
Keepin' a fly girl and, a Chevrolet Suburban  
For cash crimies'll break ya arms out the sockets  
So fuck the Bank of Boston toss the shit up in the front pocket  
Askin' a question that no one can ever answer  
My mind is divine it's hard to find like the cure for cancer  
Wisdom philanthropist, cannibis burnin'  
When I'm blazin' up determination for a higher learnin'

(Hook)
