

Virus Nine, Lost In America

One mouth across country
We're playin' with the flag!
Six punx in an 85' Dodge could never be a drag
Detroit down to Vegas
Mobilize with Triple A
Our lives all flashed near Cheyenne
On a Rock n' Roll Holiday!
Lost In America
White knuckle ride
Chain smoking cigarettes
Nowhere to hide!
Lost in America
10 miles to go
We're driving all night long
We're 5 days from home
Stuck in Atlanta..with The Stuggs
Starvin' with the Lower Class Brats
What a bunch of ugly muggs!
I'll raise my glass to all the towns we've left behind
To all the shows..they fuckin rocked!
You've showed us a good time!
White knuckle ride
Chain smoking cigarettes
Nowhere to hide!
Lost in America
10 miles to go
We're driving all night long
We're 5 days from home
