Virus, No Time At All

Life's going faster I run out of time
If I can't see clearly I just might lose me mind
There's nothing to do and there's nothing to say
And sometimes I fell like I get in the way
You don't like me and I don't like you
We need to figure out just what to do
Denied, Deprived, a f**king war in my head
The clock keeps on ticking until we are dead

There's no time at all
There's no time at all
You better act fast now
Your gonna fall

If I can't see clearly I just might lose me mind
There's nothing to do and there's nothing to say
And sometimes I fell like I get in the way
You don't like me and I f**king hate you
We need to figure out just what to do
Denied, Deprived, a f**king war in my head
The clock keeps on ticking until we are dead

There's no time at all
There's no time at all
