

# Virus, Today's Rebellion, Tomorrow's Freedom

Intro

Each day you live in rebellion, there by guarantee  
Yourself another day of freedom, another to live and  
Another day to choose who your gonna be the only  
Thing they can't take away from you is your will to  
Survive today's rebellion is tomorrow freedom

So much tension in the air - you won't know what fucking hit you  
Nobody seems to even care - no one's left there to assist you  
Ignore it and will go away - you earn your rights and solve your problems  
Can't deal with it another day - this fucked up system has gotta be taken down

No Society

Fuck you and your society

This world's become an evil place - people starving children dying  
Who will save the human race - the system fails by always lying  
Problems can't be left alone - now it's time to take some action  
They're in my work and in my home - no time for fractions this is fucking war

No Society

Fuck you and your society

Today's Rebellion, Tomorrow's freedom  
(These fucked up kids are going to win this war)

So much tension in the air - nobody even seems to care  
Ignore it and it won't go away - I can't deal with this another day

This world's become an evil place - people starving children dying  
Who will save the human race - the system fails by always lying  
Problems can't be left alone - now it's time to take some action  
They're in my work and in my home - no time for fractions this is fucking war

No Society

Fuck you and your society

Today's Rebellion, Tomorrow's freedom  
(These fucked up kids are going to win this war)

So much tension in the air - nobody even seems to care  
Ignore it and it won't go away - I can't deal with this another day
