

# Vision, Now I Bleed

You don't know me, know me at all  
First I crumble, then I fall away:betrayed  
You can't see, you're mesmerized  
Too stubborn to compromise:I stay today

You had me believe  
I never thought that you would leave  
And now I bleed  
I've got a sneaky suspicion I'm not your first  
It's intuition and someone's been cursed - it only gets worse  
Can't you see what's happening?  
I'd have given anything to you - you know it's true

You had me believe  
I never thought that you would leave  
And now I bleed  
There's nothing more that I can do  
You're not the friend that I once knew  
You don't know me, know me at all  
First I crumble, then I fall away, away

You had me believe  
I never thought that you would leave  
And now I bleed
