

# Vision Of Disorder, Viola

Viola she watch me reign  
Viola my head engaged  
As she dances the Lilac bloom  
Viola can't watch you  
I Let her into the sun in a jaded shade  
I threw the people in a shallow grave  
And then she dances through the tear in my eye  
I gave them candy  
A mouthful of dirt  
Don't think I forgot  
And don't think I'm so strange  
I ain't your typical human and I'll tear your world apart  
I Left them in their heads  
As I ran their Line  
I've seen their vision as it all did die  
I've seen their faces as they took them to their helm  
I gave them shadows that never emerged  
Father, where did you go?  
Mother, what have you done?  
Well you bashed my head in  
You made me crazy  
Murderer  
I'll murder her  
Shallow days in my eyes  
Something's wrong  
I'll lay you on the ground  
It's too long  
It's too long since I tasted control  
It's too long  
So long since I tasted control.  
In my head I feel my pain  
I saw your game  
All is dead  
I'll cut you down Viola  
I'll cut you down my mother  
I'll cut you down  
Murderer
