

Vision Of Disorder, Wacht out

Watch Out!

Life's hard,

be strong,

reform

your mind to be pure,

Inspect your action.

Unpredictable is this life that we all lead,

it's our right,

Indestructible a fallacy,

indestructible denied

We are all but fractions of society...

hypocrisy...

democracy...

Down...Up

Kicked in

Burnt out,

forced out without cause.

Please try hard and fight your way through this life,

just remember what I've said.
