

# Vital Remains, Excruciating Pain

Feel the torment of brutal bestial torture  
Drinking the blood of self inflicted wounds  
Dislocating limbs for the flawless rush of pain  
Horrified screams to some it's only dreams

Excruciating pain upheaval of vomit  
Excruciating pain  
Excruciating pain disemboweling stomach  
Excruciating pain

Your eyeballs removed ultimate fucking pain  
Impaled upon iron hooks sunken sockets bleed  
Choking on your mangled tongue  
You can hardly breathe  
Reaching deep inside your throat cutting it free

Excruciating pain upheaval of vomit  
Excruciating pain  
Excruciating pain disemboweling stomach  
Excruciating pain

Coming so close to your obliteration  
Coughing up blood on your chest  
Violently heaving for a last breath  
Mutilating yourself to death

Carving up your flesh  
Watching open wounds bleed  
Carving up your flesh  
Another blackened gash bleeds

Carnage through butchery  
The loss of all feeling  
Carnage through butchery  
No remorse no feeling

Feel your heartbeat coming to a close  
Ripping your flesh down through your chest  
Rabidly stabbing through your heart  
Mutilating yourself to death
