

Vitamin C, I Can't Say No

It's so hard to say no
And interrupt the flow
When a guy wants to kiss
Who am I to resist
Why should I be the one
To miss out on the fun
Who am I to deny
I've no willpower inside

I cannot lie
No fault of mine
Although I try
I don't know why
I can't say no
Everybody knows
I can't say no
Every time it shows
I want what I want when I want
I can't say no

I'm afraid if I pass
I might end up last
One more glass of champagne
Who am I to complain
When the chocolates arrive
I do more than just eye
If there's nothing to lose
Who am I to refuse

I cannot lie
No fault of mine
Although I try
I don't know why
I can't say no
Everybody knows
I can't say no
Every time it shows
I want what I want when I want
I can't say no
