Voice Of The Beehive, I Think I Love You

I'm sleeping and right in the middle of a good dream like all at once i wake up from somthing that keeps knocking at my brain before I go insane I pull m screaming out the words I dread I think I love you

This moring I woke up with this feeling I didn't know how to deal with And so I just decided to myself I'd hide it to myself And never talk about it and didn't go and shout it when you walked in to the room I think I love you

I think I love you
So what am I so afraid of
I'm afraid that I'm not sure of
A love there is no cure for
I think I love you
But thats not what life is made of
Though it worries me to say
That I never felt this way

Belive me you really don't have to worry I only wanna make you happy And if you day hey go away I will but I think I better still I better stay around and love you Til' I think you have a case let me ask you to your face Do you think you love me? I think I love you I think I love you
