

# Voices, Door To My Heart

(M. Spohn, R. Peinelt, A. Torkler)

(from the album "InFormation", 1995)

are you sure that you can love me forever  
do you think we can be friends forever  
if it's not like this you'd do much better not to waste my time  
if you think that you can find one better  
just keep on searching and don't write me no letter  
cause I'm not looking for another night of broken dreams  
but if you know I'm the one that you're looking for  
just come running through that wide open door  
and run down the street that leads to my  
heart  
and I'll be waiting for you  
do you think that you can stay forever  
do you think that we can live together  
you should make up your mind cause I won't give you a second chance  
you should know that I am ready to love you  
you should know that my aim is so really true  
and I'm not looking for another short romance  
and if you know I'm the one that you're looking for  
just come running through that wide open door  
and run down the street that leads to my heart  
and I'll be waiting for you  
I'll be waiti  
ng for you
