

Voices Of Passion, Where Is My Warrior?

Abbas (x4) Abbas my warrior
Where is my warrior? (x6)

It was because of you, that the caravan had, the strength to go on
Where are you loyal one, your sister is without a veil
Where is my warrior

1

I find no peace until, and unless I see your face
But I see not your head, on any of these pointed spears
How will I see you now? (x2)

Where is my warrior

2

Why dont you defend your, big sisters dignity
Let the sands rise up and, surround me like a veil
The winds wait for your command (x2)

Where is my warrior

3

Did you see your sister, unveiled in the markets
Where have you gone to hide, why dont you just tell me
So that I can come to you (x2)

Where is my warrior

4

When you were young I would, sing you sweet lullabies
I held your hand taught, you to walk oh so straight
Now theyre making me walk, like a poor prisoner

Where is my warrior

5

Your little darling niece, your beloved Sakina
Was not able to bear, the journey from Karbala
She would cry to the skies (x2)

Where is my warrior

6

I am the sister to, the heir of the Prophets
I am from the family, of Haider and Quran
Who do I call upon? (x2)

Where is my warrior
