

# Voltaire, Alchemy Mondays

Monday, time for Alchemy  
I'm buried behind the gallery  
come in and see a band  
from Norway or Japan  
pick up the CD while you're able  
someone on a tiny German label

Miss Gothic NYC  
Hey, save a dance for me  
and please deposit if you please  
some black lipstick on my peepee

Monday time for alchemy  
so come in and have a pint  
there's a hideous man named Mike  
and a bunch of gothic tykes  
and George at the bar with his fake fangs on  
and hold everything, they're playing my song!  
"It gets so lonely being evil"

It's Monday night again  
so pull up a chair my friend  
and Jason and Althea will be, oh, so glad to see ya  
don't get cake on your velvet cape  
here at Alchemy Mondays
