

Voltaire, Screw The Okampa (I Want To Go Home)

We were in the Badlands one day
Chasing B'Elanna and Chakotay
We were whisked into the Delta Quadrant
Fuck, thats far away

I wanna go home
Please let me go home
I say screw the Ocamp
I wanna go home

The Caretaker had an array
That could get us home safe
But Janeway that ignorant slut
She blew it away

I wanna go home
Please let me go home
Drop me off at a wormhole
I wanna go home

So now I'm stuck here for years
In the Delta Quadrant I fear
With the Kazon and Hirogen
And a brother with pointy ears

I wanna go home
Please let me go home
Talaxian chicks are ugly
I wanna go home

So hoist up the aft nacelles
See how the warp core burns
Tell Janeway to go to Hell
I wanna go home

I wanna go home
Please let me go home
I say fuck the Ocamp
I wanna go home
