

# Von Ra, I Still Care

Every time that I look into your eyes  
I just can't wait another day  
I let my spirit fly and you know that I  
Will be with you all the way  
But ain't it funny how time just slips away  
Into the corners of my mind  
And I'll be with you now; with you all the way  
Till time's the only thing we can find  
Things forgiven in a past that we both know  
Often makes my wonder why  
Why we can't be together  
Why can't we give it another try  
We both know the consequences  
Of these misled feelings we both share  
We've got to break down these mental fences  
So I can show you I still care
