

# Vonda Shepard, Chances Are

(R. Downey jr.)

Chances are you'll find me  
somewhere on your road tonight  
Seems I always end up driving by

Ever since I've known you  
It just seems you're on my way  
All the rules of logic don't apply

I long to see you in the night  
(spoken: tough note, that)  
Be with you 'till the morning light...

(V. Shepard)

I remember clearly  
how you looked the night we met  
I recall your laughter and your smile

I remember how  
you made me feel so at ease  
I remember all your grace and style

And now you're all I long to see  
you've come to mean so much to me...

Ref. (both)

Chances are I'll see you  
somewhere in my dreams tonight  
You'll be smiling like the night we met

Chances are I'll hold you  
an I'll offer all I have  
You're the only one I can't forget

Baby you're the best I've ever met...

(Downey)

And I'll be dreaming of the future...

(Shepard)

... hoping you'll be by my side.

(both)

And in the morning I'd be longing for the night  
for the night...
