Vonda Shepard, Jam Karet

I do not measure the space between Moments of pleasure we'll someday see

If you need a reason let me know If you need the answer you will know If you say tomorrow you will go you will go away

Chorus

There is no limit

Jam karet jam karet Open every window Jam karet There is no limit Jam karet jam karet

I do not measure the distance Or instigate any resistance

If you need a reason let me know If you need the answer you will know If you say tomorrow you will go you will go away

Chorus

There is no limit

Jam karet jam karet

Open every window Jam karet There is no such thing as time Stretching every minute Jam karet jam karet There is no limit Jam karet jam karet

I'll light the fire within you You can make mountains move too

Bridge Ooh with my truer friends I do not notice when the clocks unwind

Chorus

There is no limit

Jam karet jam karet Open every window Jam karet jam karet There is no such thing as time Stretching every minute Jam karet jam karet As long as we are in it Jam karet jam karet

Chorus
