

Vonda Shepard, Looking For Something

words & music by Vonda Shepard

Is there a good way to say goodbye
When you're leaving all you had 'cause your love has run dry
Is there a good way to be a bad girl
When you're taking all that's given from the world

Is there a good way to move ahead
Without selling out your soul for some water or some bread
Is there a good way to learn your lesson and stay alive

(Chorus)

I've been looking for something all of my life
Maybe in some other city I'll see the light

Is there a good way to say goodbye
To this fantasy world, to this lie
Is there a good way to get out before you're jaded

I need to find a good way to say goodbye
Is there a good way to say goodbye

(Chorus)

I've been looking for something all of my life
Maybe in some other city I'll be alright

Is there a good way to leave him alone
When you find his love just hits too close to home
Is there a good way to deny everything you thought you needed

I need to find a good way to say goodbye
Is there a good way to say goodbye

(Chorus)

I've been looking for something all of my life
Maybe I'll find somebody who'll make things alright
I've been looking for something all of my live
Maybe in some other city I'll be alright

I've been looking for you
