

Vonda Shepard, When I lost your love

Why does the sun go on shining,
why does the sea rush to shore,
dont they know, its the end of the world,
cause you dont love me anymore.

Why do the birds go on singin`
why do the stars glow above
dont they know its the end of the world,
it ended when I lost your love.

I wake up in the morning and I wonder,
why everything is the same as it was.
I cant understand, no I cant understand,
how life goes on the way it does.

why does my heart go on beeting
why does this eyes of mine cry
dont they know its the end of the world
it ended when you said goodbye
dont they know its the end of the world
it ended when you say goodbye.
