Vreid, Speak Goddamnit

Far away, the sound of a symphony, Wagner the soundtrack to my tragedy, Broken ribs and bloody feet, Ripped off hair and knocked out teeth, Brutal assault with sadistic methods. Hell-bent for my knowledge, No means are too extreme, But I am not a rat, That will sell out my country, I'll rather die than contribute, To your Empirical dream. I will never lay at your feet, My lips are sealed. My will you cannot defeat, God DAMMIT, I will not speak! Marks of cigarettes burned into my skin Symbols of how I never gave in My knowledge is limited to my own cell, To make my comrades avoid this hell Death camp the last level, I will disappear in nacht and nebel Disbanded like a devilish creation, I will die for my Norwegian nation. I will never lay at your feet, My lips are sealed. My will you cannot defeat, GODDÁMN IT, I will NOT SPEAK.
