

W.A.S.P., Black Bone Torso

Black bone torso, black bone torso
Cyanide a suicide
No thoughts of pain
Genocide a crucified martyr's laid
Down to the dust there to fade away
All geeks and circus freaks
Come play with me
Pimps to bring my sex fiends
Molesting me
Round to the lust my debauchery
Destined here to reign supreme
Your bloodied king
Dying for the world
Oh death where is thy sting
My black bone torso's
Bleeding me
