

# W.A.S.P., Boom Boom My Heart

Listen to my heartbeat when it's calling  
I just wanna hold you in my arms  
Listen to my heartbeat when it's calling out for you

You're playing with my mind. (Boom boom boom)  
It's tearing me apart. (Boom boom boom)  
All I wish we'll never part. Never be apart again  
No never, no never

Boom boom boom boom boom, my heart, my heart

Boom boom boom boom boom  
Boom boom boom boom boom  
Listen to my heartbeat when it's calling...

You keep on fooling around (Boom boom boom)  
Your love is hard to find. (Boom boom boom)  
All I wish we could be together  
Always be together forever and ever, and ever
