

W.A.S.P., Charisma

I've a breath in minds of men
With the lies I breath
No man's ever ruled the world
Not knowing the curse of me
I'm some of the seven sins
Vanity in the lust of men
I'm the alfa - omega man
I'll show you who I am

Hypnotic charm, mesmerizing face
My soul has a dark embrace
A magic tongue, I'll seduce you all
Till I'm your king till ya know my

Charisma - do you know my name
I'm the God that you pray
When you worship my names
Charisma - are you idolizing me?
I'm a dangerous thing
Your new messiah's me

I'm a liar blinding your vision
Vatican Man
Preaching fear and using religion
With the bible and koran
I wrap myself in the American Flag
And tell people I'm for which it stands
I'm coming back till you know I'm God
Till you believe, till you know my

Charisma - do you know my name
I'm the God that you pray
When you worship my names
Charisma - are you idolizing me?
I'm a dangerous thing
Your new messiah's me

I'm a fear from a shadow land
I seduce you all
Here I come new messiah man
To bow to me, make me your God
I got them all marching to the rhythm
Believing me, oh yeah, their new religion
I'm a racist with a waving flag
Of domination with a fascist plan
I'm gonna be the new world leader
I got a lot of 9 millimeter baby eaters
I'm coming back til you know I'm God
Till you belive, till you know I'm

Charisma - do you know my name
I'm the God that you pray
When you worship my names
Charisma - are you idolizing me?
I'm a dangerous thing
Your new messiah's me
