

W.A.S.P., Damnation Angels

Deliver me
To the bad I was born
I'm a sinner in flames
I was schooled by Lucifer's horn
And bad religion all along the way
Play with me
I won't do you no harm
No - I ain't been a saint
If I
Do the time - then I'll do the crime
I'll be raising hell in flames

If there's a hell
Then I'll buy a round
Cause I'm going anyway
No don't let
Five minutes with the Devil fool ya'
Oh yeah ya' got some hell to pay

Damnation angels
Yeah I'm going
Down with the angels
Into the fire
Damnation angels
Yeah I'm going
Down with the angels
To the flames I'm bound
Ooh I'm on the road to hell you see
The road to terror dome is calling me
