

# W.A.S.P., Mantrollic

You see me, a man and machine  
All my life so hungry and lean  
Watch me bleed and I feel no pain  
I'm going wild, and slowly insane

(REFRAIN:)

Mantrollic, I'm on the loose  
Bionic, my neck in the noose  
Mantrollic, I'm still the king  
Bionic, half man and machine

One fast lane on top of the world  
Balls of steel, mechanical pearls  
I pay my dues and suffer alone  
Feels like hell and cut to the bone

(REFRAIN:)

Be careful now  
Because what you wish for  
May just come true  
If you look  
Behind that door

(REFRAIN:)
