

# W.A.S.P., Resurrector

Resurrector

(Jesse to Congregation) Fall before me  
And bring me love  
In here we are all pagan  
Naked celebrations of

(Disciples to Congregation) Oh, we are the dark descending  
Feel the magic  
The never ending son  
Oh, we are the lost ascending  
Last of Eden  
Never ending heathen love

(Jesse to Congregation) Show me your  
Blind submissive love  
Paint my name across  
Your face in everlasting blood

Won't you come to me  
Don't you believe in your god of love  
I'm your god you need  
I'll give you heathen love

Oh won't you believe  
I come to breathe life into your doves  
And I'll make you see  
Make all believe neon

(Congregation to Jesse) Change us all forever  
Claim us all for life  
Take us all to your heaven  
Change us all for love
