

# W.A.S.P., The Peace

Is there no soul that I can borrow  
A way to be another me  
Free of pain  
All I want is  
The peace I'm passing now  
Save me from what I can't change

Show me one - ooh  
Better world to come - ooh

Give me peace, give me hope, give me love  
All I need in all my life  
Love

Lord, when will we ever see  
Wipe the sorrow from our eyes  
And let me see  
I lay my dreams  
And the broken wings on peace  
Down at your feet

Show me once - ooh  
All I need is love - ooh

Give me peace in my life  
Give me hope in my heart  
Give me love  
Give me peace in my life  
Give me hope in my heart  
Give me love

Can you free my soul?  
Can you make me whole?  
Will I ever love again?  
Heal my broken heart  
And maybe hope and wash  
My forever tears away

Is there some soul now that I can borrow, yeah  
And free me from this pain  
All I want is  
The peace that's lacking now  
Some days of grace and pouring rain

Do you love me now  
Do you want me how  
To take away what I can't change

Is there love somehow  
Is there hope for now  
Unchain my breaking heart
