Wanna be the biggest dreamer

&lt;/lyrics&gt;  
Wanna be the biggest dreamer  
Running full speed through  
both the future and the present

That's right, I've realized it,  
I forgot to do my homework  
That's one puzzle, puzzle, puzzle,  
&quot;Who am I?&quot;

Even if I slide  
and skin my knees  
I've gotta stand right back up,  
I know my chance will run away

Big and bigger, biggest dreamer!  
Dreaming is the start of everything  
that's the answer  
I'll fly farther than anyone  
through all the tomorrows

Fly to the horizon,  
our courage has gained wings  
In order to grow big and strong,  
I'll run too

For a long time  
I've heard the count down  
I'm prepared,  
let's start now, change into zero!

Big and bigger, biggest dreamer!  
We've gotta believe,  
disappear into the twinkling instand  
I'll run, not turning away from my heart's target,  
through all the tomorrows

Big and bigger, biggest dreamer!  
Dreaming is the start of everything  
that's the answer  
I'll fly farther than anyone  
through all the tomorrows

Big and bigger, biggest dreamer!  
Dreaming is the start of everything  
that's the answer  
I'll fly farther than anyone  
through all the tomorrows

Big and bigger, biggest dreamer!  
Dreaming is the start of everything,  
that's the answer

Wanna be the biggest dreamer  
Running full speed through  
both the future and the present
