

Waikiki, Morning Light

Wake to the morning light
Open your eyes
Reach for the sun

Rise to the evening air
Open your heart
Live to be there

And then you'll make him happy
So she'll be your only
Do it all for yourself

Live not for you fears
Only your dreams
It's not what it seems

Rise to the evening star
Be who you are
It's not very hard

And then you'll make him happy
So she'll be your only
Do it all for yourself

Ich ni san chi

And then you'll make him happy
So she'll be your only
Do it all for yourself
Do it all...
