

# Waikiki, New Technology

Well have you heard  
All the people clapping their hands?  
And have you seen  
All the castles made in the sand?

Uh oh, uh oh, woahh...

And have you heard  
They've all got something to announce?  
Well it's true, yeah it's true  
They're all waiting at your command.

Yeah you know  
That we all just wanna go home.  
Today so grey  
'Cos it's you and me against the new technology.

And I've seen the band  
Marching on through the land.  
Well it's sweet, you care  
But it's not enough you're aware.

Well I know  
It's true  
The clock is ticking for you.
