

# Wakefield, Another Girl

They say we look fake,  
But I don't care at all  
What people might think  
We may rise to fall  
Sad but true  
It might be you  
It's not like you

Saturday, you come my way  
And I don't want you to go home  
I take you out, that's what you're all about  
It's better than sitting on the phone

Then she says to me  
Everything'll be okay  
She's just another girl for the summer  
She's just another girl for the summer  
She's just another girl for the summer  
She's just another girl for the summer

We're close behind,  
She's lookin' fine  
I can't get her off my mind  
Her mother said,  
She wants me dead  
It keeps getting better everyday

Then she says to me  
And everything will be okay  
She's just another girl for the summer  
She's just another girl for the summer  
She's just another girl for the summer

Sitting in my room where I can think  
Chillin' in my room with the SMC  
Girlfriend calls to break things off  
Her mom's round one is not my fault  
Sad but true, don't accuse  
It's for you

At nights you come to blame,  
Shattering my self-esteem  
You were so mean but whatever (whatever)  
I'm not feeling estranged  
From the feelings you claimed  
I just wanna get them off my chest  
Get out of my face

Why can't it be just how it was when things began  
When days go by we manifest and do the best that we can  
I'm much obliged and when it meets your eyes  
We'll discredit all the lies

Then she says to me (There's nothing left to mend)  
Then she says to me  
Yeah yeah

They say we look fake,  
But I don't care at all  
What people might think  
We may rise to fall  
Sad but true  
It might be you , it's not like

She's just another girl for the summer  
She's just another girl for the summer  
She's just another girl for the summer  
She's just another girl for the summer  
She's just another girl for the summer  
She's just another girl for the summer  
She's just another girl for the summer  
Just another
