

Wakefield, Positive Reinforcement

Today Sucked
You knew it would
Yesterday and tomorrow's
Not lookin' good
So wake up
With the sun
Go ahead and stare at it if you want
Leave me outside where i can't breathe

Today sucked
You knew it would
Whoa, Whoa
Today sucked
You knew it would
Yes you did
And tomorrow's not lookin' good

It's too late
To take it back
Move forward don't live in the past
Take a deep breath
And let it out
Go ahead and tell me what this life's about
Leave me outside where I can't breathe

Today sucked
You knew it would
Whoa, Whoa
Today sucked
You knew it would
Yes you did
Yes you did
And tomorrow's not lookin' good

Today sucked
You knew it would
Whoa, Whoa
Today sucked
You knew it would
Yes you did
Yes you did
And tomorrow's not lookin' good
And tomorrow's not lookin' good

You're ticking
Like a time bomb
Mentally insane
No one but yourself to blame
So wake up, wake up, wake up....

Today sucked
You knew it would
Whoa, Whoa
Today sucked
You knew it would
Yes you did
Yes you did
And tomorrow's not lookin' good

Today sucked
You knew it would
Whoa, Whoa...
Today sucked
You knew it would
Yes you did
Yes you did
And tommorow's not lookin' good

Don't let let life push you around
Make your own path and never look back
Dont let life push you around
Make your own path and never look back
