

Waking Ashland, Your Intentions

You don't have any intentions
Of finishing what you have started
Do you do you
And at the start of something different
You realize just what's been missing
To you to you

Round and round
You're fighting your hesitation
You get so close
But there's always some reservation
You need control
Like strings on a puppet you're
Learning how to love it

You know all the games that you play
You don't realize
How much you've changed
Do you do you
And I know all your reasons for leaving
I really hope she had some meaning
To you to you

There's a line in your mind and
I see now it's clearly defined
You know good you know well you
Don't need help to know it's not right
The attention is nice but commitment's
A price too steep
But it's growing on you to live guilty
