

Walk Off The Earth, WHATEVER

One day I don't wanna wake up
Wonderin', wondering where'd all the time go?
One day I don't wanna be stuck
With a page full of plans that I made no time for
It's been a minute,
Yeah, we talk about life but I wanna live it,
I wanna live it, with you, mmm

Whatever whatever you wanna do
Down for whatever as long as it's you
Nothing but time we got nothing to lose
Down for whatever as long as it's you

When you're with me nowhere I'd rather be, yeah yeah
Whatever whatever you wanna do
Down for whatever as long as I'm here with you
Bum ba dum, ye-yeah

Someday, on a runway
With a couple one-ways somewhere they can't find us
I know that we been stressed out but we're set now
And I wanna put it all behind us
It's been a minute,
Yeah we talk about life but I wanna live it,
So give me a minute, with you, with you

Whatever whatever you wanna do
Down for whatever as long as it's you
Nothing but time we got nothing to lose
Down for whatever as long as it's you
When you're with me nowhere I'd rather be, yeah yeah
Whatever whatever you wanna do
Down for whatever as long as I'm here with you
Bum ba dum, ye-yeah
