

# Walkabouts, Let's Burn Down The Cornfield

Let's burn down the cornfield  
Let's burn down the cornfield  
We can listen to it burn

We'll hide behind the oak tree  
Hide behind the oak tree  
Stay out of danger 'til I return

Oh, it's so good  
On a cold night  
To have the fire burning bold and bright

You hide behind the oak tree  
Hide behind the oak tree  
Stay out of danger 'til I return

Let's burn down the cornfield  
Let's burn down the cornfield  
We'll make love while it burns  
We'll make love while it burns

We'll make love while it burns
